2023 International Conference on Service Robotics

Shanghai, China | July 7-9

Call For Papers

- Space robotics
- Construction robots
- Agriculture robots
- Autonomous navigation
- Autonomous and unmanned vehicles
- Challenges in service robotics
- Cleaning, floor and lawn care robotics
- Cognition based interaction
- Human-robot interaction technologies
- Human-Robot Interface
- Intelligent cars

Conference Chairs

Hesheng Wang
Shanghai Jiao Tong University, China

Shuquan Wang
Technology and Engineering Center for Space Utilization, University of Chinese Academy of Sciences, China

Ting Zhang
Soochow University, China

Huafeng Ding
China University of Geosciences, Wuhan, China

Shoudong Huang
University of Technology Sydney, Australia

JCRAI 2023 JCRAI 2023

**2023 the 3rd International Joint Conference
on Robotics and Artificial Intelligence**

Shanghai, China | July 7-9

同濟大學
TONGJI UNIVERSITY

2023 the 3rd International Joint Conference on Robotics and Artificial Intelligence (JCRAI 2023) in Shanghai, China from July 7-9, 2023. It is organized by Tongji University and co-organized by Shanghai University. This conference is a forum for researchers, scientists, engineers and industry professionals to share the latest advances in the field of Robotics and Artificial Intelligence.

About Tongji University

Tongji University, one of China's earliest national key universities, is a prestigious institution of higher education that is directly under the Ministry of Education (MOE) and is supported by the Shanghai Municipality. Already in its second centenary, the University has grown into a comprehensive and research-intensive university with distinctive features and an international reputation. The University was among the 36 Class A universities in the list of Double First Class University Plan released by the central government of China in 2017. According to 2019 Global Universities Rankings by US News & World Report, Tongji University ranks 11th in the Country Rank of China and 35th in Best Global Universities in Asia.
