CALL FOR PAPERS

- Big Data Applications
- Big Data Architectures
- Big Data as a Service
- Big Data Education
- Embedded and Cyber-Physical Systems
- Energy-efficient Computing for Big Data
- Compiler Technologies
- Enabling Resources for Big Data Research
- Big Data Industry Standards
- Big Data Management
- Big Data Mining and Analytics
- Big Data Models and Algorithms
- Big Data Open Platforms

KEYNOTE SPEAKER

Massimo Villari
University of Messina, Italy

SUBMISSION

<https://cmt3.research.microsoft.com/User/Login?ReturnUrl=%2FWBDC2024>

Key Dates

Abstract Submission: February 13, 2024

Full Submission: February 28, 2024

Registration: May 1, 2024

**June 7-9,
2024**

VIRTUAL CONFERENCE

- **Call for Paper**

Mining Images and Texture

PDE for Image Processing

Mining Images in Computer Vision

Computer Vision & Virtual Reality

Learning Theory

Learning Robots

Optical Communications

Data-Driven Adaptive Systems

Data-Driven Models

Array Signal Processing

Audio and Electroacoustics

Multimedia Signal Processing

Learn

2024 4th International Conference on Industrial Automation,
Robotics and Control Engineering

Chengdu, China July 5-7

PAGE 3

Call For Paper

- Robot Clusters
- Cobots
- Medical and Rehabilitation Robots
- Service Robots
- Soft Robots
- Bionic Robots
- Space Robots
- Systems and control
- Robotic systems
- AI and applications
- Control Theory and Technology
- Control Systems and Applications
- Virtual Reality
- Navigation, Guidance and Control
- AI-driven Automation
- Knowledge Automation

Key Dates

Full Submission: February 4, 2024

Notification: April 16, 2024

Registration: May 17, 2024

Submission
