2025 5TH INTERNATIONAL JOINT CONFERENCE ON ROBOTICS AND ARTIFICIAL INTELLIGENCE

JCRAI 2025

KEYNOTE SPEAKER

Prof. Huiyu Zhou
University of Leicester, UK

Prof. Lei Zhang
Northwestern Polytechnical
University, China

Prof. Tao Zhou
North Minzu University, China

INVITED SPEAKER

Prof. Wei Song
Jiangnan University, China

Assoc. Prof. Jiyu Cheng
Shandong University, China

Prof. Xiaolin Qin
University of Chinese Academy of
Sciences, China

Guangzhou, China

July 25-27, 2025

2025 4th International Conference on Service Robotics

ICOSR 2025

www.iwosr.org

The 2025 4th International Conference on Service Robotics (ICoSR 2025) will be held in Guangzhou, China during July 25-27, 2025. It is organized by South China University of Technology, and co-organized by Southern University of Science and Technology.

KEYNOTE SPEAKER

Brief Introduction: **Jianbin Qiu** received the B.Eng. and Ph.D. degrees in Mechanical and Electrical Engineering from the University of Science and Technology of China, Hefei, China, in 2004 and 2009, respectively. He also received the Ph.D. degree in Mechatronics Engineering from the City University of Hong Kong, Kowloon, Hong Kong, in 2009. He is currently a Full Professor at the School of Astronautics, Harbin Institute of Technology, Harbin, China.

He was an Alexander von Humboldt Research Fellow at the Institute for Automatic Control and Complex Systems, University of Duisburg-Essen, Duisburg, Germany. His current research interests include intelligent and hybrid control systems, signal processing, and robotics. Prof. Qiu is a Fellow of IEEE and serves as the chair of the IEEE Industrial Electronics Society Harbin Chapter, China. He is an Associate Editor of IEEE Transactions on Fuzzy Systems, IEEE Transactions on Cybernetics, and IEEE Transactions on Industrial Informatics.

2025 2nd International Conference on Computational Linguistics and Natural Language Processing

CLNLP 2025

KEYNOTE SPEAKER II

Prof. Yi Cai

South China University of Technology, China

Prof. Yi Cai serves as Dean of the School of Software Engineering at South China University of Technology. He is the Director of the Ministry of Education's Key Laboratory of Big Data and Intelligent Robotics. He received a PhD in Computer Science and Engineering from the Chinese University of Hong Kong. His research focuses on natural language processing, knowledge engineering and multi-modal processing. As a Distinguished Member of the China Computer Federation, Prof. Cai participates in several technical committees related to natural language processing and database systems in CCF.

He has published more than 230 research papers in peer-reviewed journals and conference proceedings, including IEEE TKDE, IEEE TIP, IEEE TASLP, ACL, SIGIR, AAAI, IJCAI, EMNLP, etc. He has served as an Associate Editor of IEEE TASLP and CMC-Computers, Materials & Continua. He was a general co-chair of APWeb-WAIM 2021, program co-chair of APWEB-WAIM 2018, ICEBE 2021, IEEE DSC 2020 and CCAC 2024 conferences.

KEYNOTE SPEAKER III

Assoc. Prof. David Chiang

University of Notre Dame, USA

David Chiang (PhD, University of Pennsylvania, 2004) is an associate professor in the Department of Computer Science and Engineering at the University of Notre Dame. His research is on computational models for learning human languages, particularly on connections between formal language theory and natural language, and on speech and language processing for low-resource, endangered, and historical languages. He is the recipient of best paper awards at ACL 2005 and NAACL HLT 2009, and a social impact award and outstanding paper award at ACL 2024. He has received research grants from DARPA, NSF, Google, and Amazon, has served on the executive board of NAACL and the editorial board of Computational Linguistics and JAIR, and is currently on the editorial board of Transactions of the ACL.
