Cassino, Italy
October 16-18, 2025

Call for papers

The topics of interest include, but are not limited to:

- **Intelligent Autonomous Systems & Control Theory**

Adaptive Control
Fuzzy Control
Robust Control
Optimal Control
Nonlinear System Control
Fault Diagnosis

Control System Modeling
Complex Systems Analysis
Discrete Event Systems
Network-based Systems
Neural Networks based Control Systems
Evolutionary Computation and Control

- **Intelligent Robotics Technology & Design**

Robot Perception
Vision Systems
Sensor Fusion
Instrumentation Systems
Perception systems for Robotics

Soft Robotics
Swarm Robotics
Underwater and Space Robotics
Offshore Robotics
Search, Rescue, and Field Robotics

- **Human-Robot Interaction & Collaboration**

Human-robot Interaction (HRI)
human-robot Interfaces
human-robot-Environment Interaction
Cognitive Approaches for Robotics
Coexisting-cooperative-cognitive Robots

Introduction

2025 5th International Symposium on Electrical, Electronics and Information Engineering (ISEEIE 2025) will be held in Taizhou, China from November 21-23, 2025.

Organized by Taizhou University and Hainan Institute of Zhejiang University, and co-organized by Beijing University of Posts and Telecommunications, Zhengzhou University of Light Industry, and the Sanya Global Energy Research Institute, this symposium provides a premier platform for fostering collaboration and driving innovation among Electrical, Electronics, and Information Engineers, as well as Artificial Intelligence and Data Science professionals.

Keynote Speaker
