2026 5th International Conference on Frontiers of Artificial Intelligence and Machine Learning (FAIML 2026) will take place in Changsha, China from June 5 to 7, 2026. It is organized by Hunan University, and hosted by College of Computer Science and Electronic Engineering, Hunan University. FAIML 2026 welcomes academics, researchers, engineers, and industry professionals to an open forum where advances and trends in the related fields of artificial intelligence and machine learning can be shared and discussed.

General Chair

Keqin Li

Hunan University, China

State University of New York, USA

General Co-Chairs

Zhuo Tang

Hunan University, China

Yuhua Qian

Shanxi University, China

Submission Guideline

Link

Prospective authors are welcome to submit their research paper to FAIML 2026 through the [online submission system](#).

2026 5th International Conference on Frontiers of Artificial Intelligence and Machine Learning

Special Sessions

- Special Session I : Artificial Intelligence and Education
- Special Session II : Intelligent Optimization, Learning, Modeling, and Decision-Making in Complex Systems and Engineering Applications
- Special Session III: Next-Gen AI-Driven Smart Manufacturing
- Special Session IV: Algorithm Optimization and Applications Based on Machine Learning and Deep Learning
- Special Session V : Advances in Human Motion and Activity Analysis

Conference Program

Participants Registration &
Conference Kits Collection

June 5, 2026

Keynote Sessions
& Special Sessions

June 6, 2026

Social Events

June 7, 2026

Key Dates

Abstract Submission Due: November 21, 2025
Full Paper Submission Due: December 6, 2025

Author Notification: January 7, 2026
Registration Due: February 8, 2026
