IARCE 2026

2026 6th International Conference on Industrial Automation, Robotics and Control Engineering

November 13–15, 2026

Hangzhou, China

Call For Papers

Automation, Control and Intelligent Systems

- Control Theory and Technology
- System Modeling Theory
- Fuzzy System and Fuzzy Control
- AI-driven Automation

Robotics and Applications

- Industrial Robots
- Service Robots
- Bionic Robots
- Biomechatronics

Robotics and Applications

- Wireless Power Transfer
- BCI Decoding Methods
- Intelligence Information Processing
- Biological Information Sensing

Welcome to the 2026 6th International Conference on Industrial Automation, Robotics and Control Engineering (IARCE 2026), which will be held in **Hangzhou, China** on **November 13–15, 2026**. It is organized by Zhejiang University of Science and Technology.

Key Dates

Abstract Submission Due: Jul. 10, 2026

Full Paper Submission Due: Jul. 25, 2026

Author Notification: Sep. 5, 2026

Registration Due: Oct. 5, 2026

Final Paper Submission Due: Oct. 5, 2026

Publication

Registered and presented full papers will be included in the IARCE 2026 digital conference proceedings and submitted to major citation databases (including, but not limited to Ei Compendex and Scopus) for review and indexing.

2026 2nd International Conference on Aerospace Propulsion Engineering

ICAPE 2026

Xi'an, China

**December 4-7,
2026**

Conference Chairs

Liu Cunliang

Northwestern Polytechnical
University, China

Liang Guozhu

Beihang University, China

Welcome

The 2026 2nd International Conference on Aerospace Propulsion Engineering (ICAPE 2026) will take place in **Xi'an, China**, during **December 4-7, 2026**.

We are thrilled to welcome you to this groundbreaking event, where leading experts, researchers, and professionals from around the globe will gather to explore the latest advancements and innovations in the field of aerospace propulsion engineering. ICAPE 2026 offers a unique opportunity to engage in stimulating discussions, share cutting-edge research, and explore emerging technologies that are shaping the future of aerospace propulsion.

We encourage you to take full advantage of the diverse technical sessions, interactive workshops, and networking opportunities available throughout the conference. Together, we will work to push the boundaries of aerospace propulsion engineering and inspire new solutions for the challenges of tomorrow.

ICAPE 2026

2026 2nd International Conference on
Aerospace Propulsion Engineering

Xi'an, China | December 4-7, 2026

Keynote Speakers

Prof. Liu Cunliang
Northwestern Polytechnical
University, China

Prof. Wang Dingxi
Northwestern Polytechnical
University, China

Prof. Tang Haibin
Beihang University, China

Prof. Oskar Josef Haidn
Technical University of
Munich, Germany

Scope

- Rocket Propulsion
- Air-breathing Propulsion
- Aeroelectric Propulsion
- Fuels and Propellants
- Air-breathing and Rocket Combined Propulsion
- Environmental Impact of Propulsion
- Other Advanced Energy Sources for Propulsion
- Other Advanced Propulsion Concepts and Technologies
- Advanced manufacturing for aerospace propulsion engineering

Submit

Authors are encouraged to submit original papers for conference consideration.

Online Submission System:
